EDUCATION

The University of North Carolina at Chapel Hill — Chapel Hill, NC

May 2027

Computer Science B.A. | Information Science B.S. | GPA **3.9/4.0**

- **Awards & Honors:** 1st Place, Milwaukee Bucks Business Analytics Hackathon; Honors Carolina; Dean's List, 6 semesters

SKILLS

Design	Interaction Design, End-to-End Design, Mobile & Web Design, Prototyping, Wireframing, User Flows, User Journeys, Usability Testing, User Interviews, A/B Testing, Design Systems, Accessibility
Tools	Figma, FigJam, Adobe Creative Suite
Technical	HTML, CSS, JavaScript, TypeScript, React

EXPERIENCE

84.51°, Product Design Intern

Cincinnati, OH · May 2026 — Aug 2026

- Mapped end-to-end campaign planning and inflight optimization journeys by synthesizing user feedback, then benchmarked **10+ advertising platforms** to identify high-value opportunities for actionable AI recommendations in **Kroger Ad Platform (KAP)**
- Tested AI recommendation concepts with **6 internal KAP users**, identifying gaps in clarity, trust, and actionability and translating findings into reusable design principles
- Designed an **AI recommendation component library** aligned with the Meridian design system, proposing reusable content, interaction, and visual patterns for AI-generated insights across 84.51° products

Centible, Product Designer

Chapel Hill, NC · Aug 2025 — May 2026

- Redesigned transaction filtering and categorization flows for a student fintech app, reducing the average time required to locate a specific purchase by **15%** during usability testing
- Conducted interviews and task-based usability tests with **5 students** to identify issues with filtering logic, category labels, and transaction details, then translated findings into iterative Figma prototypes
- Partnered with product and engineering to define responsive interaction states, document expected behavior, and prepare implementation-ready designs within technical constraints

UNC Department of Computer Science, Undergraduate Teaching Assistant

Chapel Hill, NC · Jan 2025 — Dec 2025

- Supported **100+ students** through weekly office hour review sessions in HTML, CSS, JavaScript, and interface design, contributing to a **10% improvement** in average project scores
- Provided actionable feedback on student projects through 1:1 design critiques, helping students improve usability, visual hierarchy, accessibility, and front-end implementation
- Created **10+ exercises** that translated UX principles into hands-on interface-design challenges

Quantifyd, Product Design Intern

Remote · May 2025 — Aug 2025

- Designed and developed **2 responsive marketing websites** using Figma, HTML, CSS, and JavaScript, contributing to an **18% increase in conversion** while improving brand consistency across desktop and mobile
- Translated stakeholder goals into sitemaps, page structures, reusable interface patterns, and responsive layouts, coordinating with developers through implementation
- Supported early planning for Quantifyd's flagship product by creating user flows, wireframes, and interface concepts that helped define feature scope and align stakeholders on the initial experience

LEADERSHIP & COMMUNITY INVOLVEMENT

Chinese Undergraduate Students Association, President

Chapel Hill, NC · Feb 2025 — Present

- Lead a **15-member board** serving **500+ students**, coordinating cultural programming, cross-organization partnerships, and event execution across the academic year
- Launched and managed a mentorship program that matched **50+ mentor-mentee pairs** and contributed to a **10% increase** in overall organization engagement
